**Subject: Cross beam kit for scissor lift rubber adapter usage**

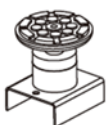

Dear valued distributor,

Please be noted, we have released four optional cross beam kits that can be utilized to accommodate more vehicle lifting points on our range of midrise and double scissor lift.

Please see details of the four cross beam kits below and their respective detail for use.

Please be noted that two styles of lift adapter are available on the kits and suitable for vehicles of different structures below.

Rounded Adapter

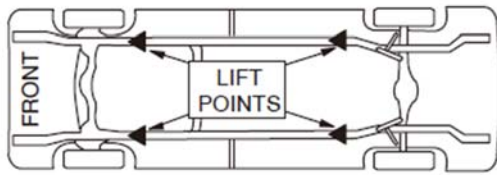

This style adapter only for use on Unibody Vehicles.

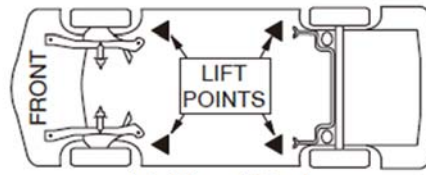

Truck Adapter

This style adapter must be used when lifting Pickup Truck Frame, Stub Frame and Perimeter Frame Vehicles.

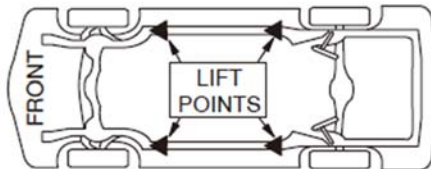

## Typical Lifting Points

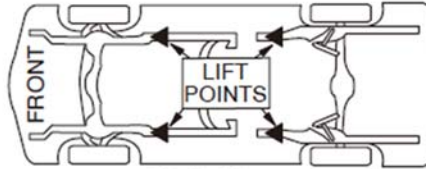

Pickup Truck

Unitized Body

Perimeter Frame

Stub Frame

Please refer to table below for lift application:

| Part Number | Lift Model   |
|-------------|--|
| XX100050    | DS35/RLP77/XS35N/FS77/LDS32/DSD32/LMR32 - RA Adaptor |
| XX100051    | DS35/RLP77/XS35N/FS77/LDS32/DSD32/LMR32 - TA Adaptor |
| XX100060    | DS35EX/DS35NF - RA Adaptor                           |
| XX100061    | DS35EX/DS35NF - TA Adaptor                           |

Please see below for example of use.
