**EZ LINER**  
EXPRESS

**A HIGH QUALITY PULLING SYSTEM DESIGNED AT A PRICE YOU CAN AFFORD!**

**Add value to your shop today with the versatility and affordability of the EZ Liner Express with these features:**

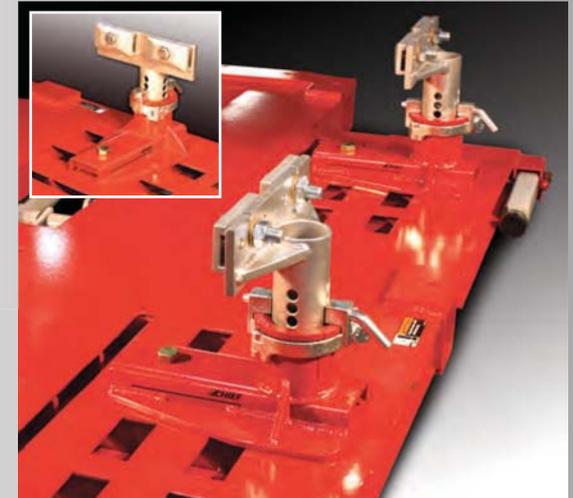

- 5-Tons of pulling force
- 5,500 pounds of lifting capacity
- True 360-degree repair system
- Minimum footprint with Tower: 18'-5"x19'-10" (5698mm x 6040mm)
- EZ estimating and blue-printing
- Fully compatible with all Chief computerized measuring systems
- Convenient pulling height and 5 working heights for precise positioning

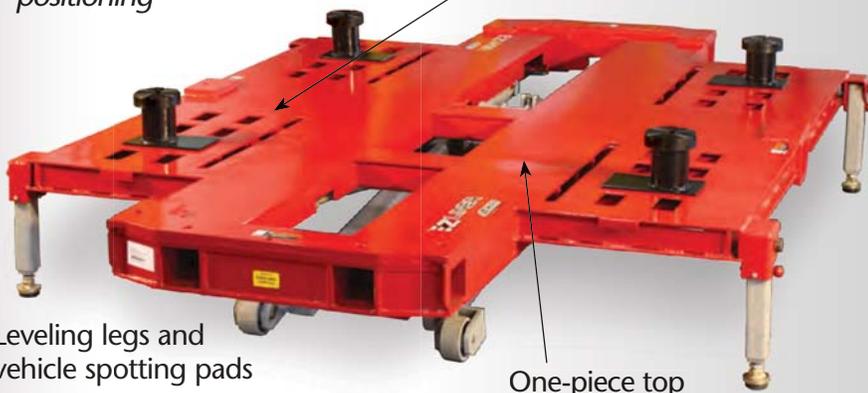

Adjustable collar creates proper pulling angle

Pivoting tower allows for perfect pulling angle

Tall anchor clamps allow compatibility with all Chief computerized measuring systems - anchors and clamps included

Leveling legs and vehicle spotting pads

Standard Chief deck openings fit your existing accessories for holds and down-pulls.

One-piece top deck plate creates a strong surface for holds and down-pulls.

Down-pulls outside of the deck are no problem. Simply attach the optional down-pull attachment.

Loading ramps and wheel stands included

Ramp wheels enable quick and EZ maneuverability.
