

Rotary TL07 Turf Maintenance Lift

7,000 lbs. CAPACITY LAWN and MOWER SERVICE LIFTS

- Can accommodate a 30" (762mm) wheelbase vehicle
- Lift capacity to handle the largest mowers
- Versatile small wheel attachment
- Lift can accommodate both three and four-wheel turf equipment
- Can also be used for golf cart maintenance
- Wheel engaging chocks wheels automatically
- Unique design permits easy access to reels and hydraulic systems

FEATURES:

• Drive-over ramps and side rails provide the width to support wider vehicles during approach.

 Dual high-pressure lifting cylinders in each column provide maximum force and smooth operation with plenty of power to lift mowers to capacity.

• The original "Double S" single piece construction column design maximizes column strength

 Rotary® power units are designed and built by Rotary, for Rotary lifts. **Options and Accessories**

The TL07 can easily be converted to lift passenger cars and light trucks.

N257KITYL - FA arm kit to convert TL07 200/400 series lifts (7,000 lbs. capacity)

N2206YL - FA arm kit to convert TL07 500 series lifts (7,000 lbs. capacity)

Air / Utility Box

Mounts easily on any column and provides quick access to utilities

- Two 110v electric outlets and air connection
- The filter/regulator/lubricator extends the life of air tools

Attach the 2 ultra slim light wands to colums for effective, efficient 2-post lighting where you need it. Supplied with 4 magnetic clips for easy positioning.

#FA5701

Tool Holder

This patented tool holder keeps air guns and other tools within easy reach. This mounts easily in pre-drilled holes already tapped in the two-post column.

#FA5191EBK
